Regal
HOLIDAY HOMES
Inspired Living
Relaxed Living for all the family
The Tempo boasts an intelligent use of space with all the comforts of home. The integrated corner sofa area and flame effect electric fire maximise the living area and create an airy, spacious home. Optional patio doors enhance the fresh, light filled room and they work alongside the attractive natural elm colour scheme to bring the outdoors in.
Tempo

With an en-suite master bedroom (2 bed only) and ample storage space, the Tempo offers an array of features at an extremely competitive price. Combining the high standards of style and functionality you would expect from a Regal holiday home, the Tempo offers a comfortable, practical and modern home that allows you to leave your hassles at the door.

FEATURES AND OPTIONS

Your safety assured

At Regal Holiday Homes we are committed to providing the very best in comfort and safety for our customers. All of our models are designed and built in accordance with British and European standards EN1647 and EN1949 and certified by the National Caravan Council (NCC). Fire extinguisher, smoke and CO detectors are all fitted as standard.

CLADDING

A choice of external cladding is available, including anti-scratch aluminium, rigid vinyl, wood effect Canexel, timber loglap and cedar. See page 47.

PVCu WINDOW SYSTEMS

By providing double glazed windows with a sealed unit depth in line with those found in domestic buildings we believe the insulation properties on our holiday homes are among the best in the industry. Domestic standard PVCu double glazed windows and doors are provided as standard on the Symphony Lodge, Hamilton Lodge, Sandringham and Connaught models. Single glazed windows are provided as standard on the Kensington, Kingston and Tempo models with the option of double glazing if required.

APPLIANCES

All current Regal models are fitted with branded appliances where applicable, including: built in gas cookers, modern electric fires and fridge freezers.

THERMOSTATIC SHOWERS

All of our showers are fitted with thermostatic mixer valves as standard for your added safety and to prevent scalding.

GAS FIRED CENTRAL HEATING

Available as an option in the Kensington, Kingston and Tempo models and standard in the Symphony Lodge, Hamilton Lodge, Sandringham and Connaught models, central heating provides all round comfort. Our central heating systems contain condensing combination boilers which offer better efficiency, economy and include a specification in line with domestic requirements.

CHASSIS

A fully galvanised chassis is standard on the Symphony Lodge and the Hamilton Lodge. A pre-galvanised chassis is standard on the Sandringham, Connaught and Kensington and is available as an option on the Kingston and Tempo.
ROOF CONSTRUCTION

The dual pitch rafter used on all of our roofs has been successfully tested and approved up to a grade D snow loading. Our holiday homes all have a dual pitch rafter with a minimum 100mm fibre insulation, a breathable moisture resistant membrane and Versasteel plastisol tile effect roof sheets. Much of the strength in our dual pitch roof is derived from the fact that we build all of our roofs in one piece providing extra strength.

EN1647 WALL CONSTRUCTION

Our holiday homes are constructed using a decorative wall papered internal wall board, timber studding incorporating polystyrene insulation to assist rigidity, finished in a scratch resistant aluminium exterior.

BS3632 RESIDENTIAL SPECIFICATION

The Symphony Lodge and Hamilton Lodge are built to BS3632 as standard. The Sandringham, Connaught and Kensington are also available with the option of being upgraded to BS3632 residential specification if required.

The enhanced thermal insulation is summarised as follows: Exterior wall thickness increased with the addition of a sound reducing insulation that has been tested under regulated conditions. Window insulation is enhanced by the addition of Pilkington K Glass.
WARRANTY & AFTER SALES

At Regal Holiday Homes we take great pride in the level of service we offer our customers after they have purchased one of our models, and support this with a warranty cover designed to provide peace of mind.

Two year warranty
Given our reputation within the industry for producing a quality product we offer a two year warranty on all of our holiday homes (excludes appliances which are provided with manufacturer’s warranty) from the date you take ownership of your new holiday home, subject to certain terms, conditions and exclusions.

The full details of this warranty can be obtained by contacting our Customer Service team, or by contacting one of our approved distributors and is available on our website.

Six year structural warranty
To provide you with increased peace of mind we offer a further 4 years of warranty cover on specific structural items, subject to certain terms and conditions.

Our warranty covers issues arising from faults and defects during manufacture and excludes issues arising from causes such as wear and tear. Our warranty applies to the first owner of the holiday home.

After sales support
At Regal Holiday Homes we are proud of our reputation for good service and believe in looking after our customers. We believe that a satisfied customer is more likely to purchase another Regal Holiday Home when the time comes to replace their existing holiday home. Our dedicated aftersales team work hard to ensure customer satisfaction.

FREQUENTLY ASKED QUESTIONS

Where can I find out the external dimensions of each holiday home?
All of our external dimensions are available to view on our website www.regalholidayhomes.com

How is the caravan transported to the park I have chosen?
The holiday park on which your holiday home will be sited will arrange the transportation of your Regal Holiday Home.

Where can I view a Regal Holiday Home?
A list of our UK distributors can be found on our website www.regalholidayhomes.com. The “where to view” section also lists parks where our holiday homes can be seen.

Is there a restriction on when I can use my caravan?
Usage of a caravan holiday home is determined by the site licence for the park you have chosen. Our caravans are not designed for year round use apart from models that comply to BS3632 Residential Specification such as the Symphony Lodge & Hamilton Lodge.

Can you supply this model in green exterior colours?
All of our models can be supplied in environmental colour exteriors.

Can I make alterations to my holiday home?
Before any additional equipment is fitted to your holiday home it is imperative that you discuss this with your local dealer/park operator as your warranty may be compromised. If additional equipment is fitted incorrectly or without due regard to the structure of the holiday home, this may invalidate your warranty.

Can I personalise my home prior to purchase?
Curtains and upholstery can be changed between ranges when preferred. Canexel cladding can be added to all models to personalise the exterior look of your home.

What size TV can I fit?
This is down to the individual TV you pick as they come in so many varying shapes and sizes. In general we suggest using up to 40” in the Symphony Lodge and Hamilton Lodge and up to 32” in the rest of our models depending on style. In the bedrooms we suggest using up to 22”. The brackets must be compatible with the TVs you purchase.

If you have a question not listed above please pick up the phone, email or fax us and we will do our very best to answer any other questions you may have. Alternatively seek advice from your local Regal distributor or holiday park.

We’re committed to reducing our impact on the environment as well as responsible sourcing and manufacturing, helping you to choose a more sustainable lifestyle.

The FSC logo identifies the fact that we produce holiday homes that contain wood from responsibly managed forests independently certified in accordance with the rules of the Forest Stewardship Council A.C
